## Health, Wealth and Happiness

Are more intimately connected with a sound stomach and good condition of the blood than most people suppose. Thin blood means weakness languor and misery. A dyspeptic stomach means all the horrors you can think of. Brown's Iron Bitters means enriched blood, good digestion, healthy appetite, sweet sleep and vigorous strength. Mr. Henry Hallam, South Seventeenth street, St. Louis says, "Brown's Iron Bitters relieved me of dyspepsia, purified my blood, and gave me an appetite." Thousands of others testify in the same way.

## Germantown Fair.

Everybody should attend the thirty-first annual meeting of the Union Agricultural Society, to be held at Germantown, Ky., October 14, 15, 16 and 17, 1885. MINNIE NOXSEL, who made her first appearance in the courts of this county about one year ago on the charge of horse-stealing, and who has figured quite frequently in our "temples of justice" ever since, was up before Squire John L. Grant, Thursday afternoon, to answer a charge of vagrancy. The trial resulted in her being held over to answer the charge at the next term of the Circuit Court. In default of \$100 bail she was lodged in the county jail where she will enjoy a nice comfortable room and good board at the expense of the hard-working, industrious citizens of the county until court meets. Minnie and a few others of like class have cost the County and State a deal of money in officers' fees and free board since they made their appearance here.

MILLERSBURG is all broken up over a sensation in her female college that has come to light within the past few days. The particulars as far as learned are as follows: A few weeks ago Miss Minnie Duncan, aged seventeen, of Chaplin, Nelson County, Ky., entered the college as a student. Her appearance attracted the attention of the President at the time, and his wife proceeded to investigate the matter. Assurances were given by the young lady that nothing was wrong with her. Nothing more was thought of the affair until last Thursday, when the college authorities were surprised to learn that Miss Duncan had, during the day, become a mother. The child was discovered in a trunk, and is still alive and doing well. The mother and child were taken to the residence of a prominent physician of that place, where they are now being cared for. The young lady attributes her ruin to a young man near Chaplin, to whom she has been engaged for some time. She is an orphan and has considerable property of her own. Her guardian and uncle, who is said to be one of the wealthy men of Nelson County, objected to the marriage and caused a postponement of the nuptials.

The Newport news in the Cincinnati Enquirer of last Wednesday has the following: "Dr. Dandridge, of Cincinnati, assisted by Drs. Dameron and Jenkins, of this city, performed a remarkable surgical operation yesterday. It was what is known as an excision of the hip joint. The young lady, Miss Deering, living at Ringgold and Saratoga, was born with a congenital dislocation of the hip joint, which has crippled her all of her life, and as she advanced in years, she being now twenty, her condition was growing more serious. The continued irritation set up inflammation in the head of the bone and the operation yesterday was performed as a last resort, after other remedies had failed. The bone had become so diseased and softened that it would crumble under the fingers. This operation has been quite successful in Germany, and the physicians have good reason for believing that the one of yesterday will also be a success."

### Cure for Piles.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, no flatulency, uneasiness of the stomach, etc. A moisture, like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, bleeding and itching piles yield at once to the application of Dr. Bosancko's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching, and effecting a permanent cure. Price, 25 cents per bottle. Address, Dr. Bosancko, Medicine Co., Piqua, O. Sold by Geo. T. Wood.
